*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

INGREDIENTS: Animal Whey Protein Blend (cross flow micro filtered whey protein isolate, ultra filtrated whey protein concentrate (milk)), natural & artificial vanilla flavor, gum blend (cellulose gum, xanthan gum, carrageenan), lecithin (soy), sodium chloride, acesulfame potassium, sucralose, Animal Whey Digestive Enzyme Blend (papain, bromelain). Made in a GMP facility on equipment that processes milk, soy, egg, peanuts, tree nuts, fish, shellfish, and wheat.

DOSAGE: Mix 1 scoop of Animal Whey™ with 4-6 ounces of skim milk or your beverage of choice. For best results, use a blender or Animal Shaker Cup. On training days, use 2 or more servings post-workout or whenever more protein is required. For more flavor, use slightly less liquid when mixing up Animal Whey™.

WHO WE ARE In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the real needs and desires of professional bodybuilders, Animal has grown prodigiously over the decades. Today, as yesterday, the name Animal stands for trust, integrity and a unique no nonsense approach to the game. Animal also represents a group of products that have stood the test of time, proven again and again in the labs, and in the trenches where it counts most... The gym and the stage. Dedicated to serious nutrition for the serious athlete, Animal is your choice when it comes to complete and comprehensive nutrition. Animal. The choice of champions. **WHAT ANIMAL WHEY™ IS** Muscle food, pure and simple. Protein is the raw material capable of building the mass you desperately seek. For the most dedicated lifters, heavy training and clean eating just aren't enough. They need that little extra. And that edge can be found in Animal Whey™. Among the most basic, no-nonsense bodybuilding nutritional staples, Animal Whey™ is easily digested and quickly processed whey protein, providing the building blocks needed to grow bigger, stronger and better. It is muscle food, in its purest form.
