DIRECTIONS: Consume one sachet one to four times daily away from meals, or as directed by your healthcare practitioner. Preferably pour a small amount of the contents of a sachet directly into the mouth and allow contents to dissolve. Then repeat process until contents of the entire sachet have dissolved in the mouth. Alternatively, contents may be added to 2-4 oz of water or preferred liquid; stir and drink within 15 minutes.

Children and pregnant or lactating women should consult their healthcare practitioner prior to use. Use special caution in individuals with bipolar disorder. Do not use if tamper seal is damaged.

SAMe & TMG is a sweet, yet slightly tart lemon-flavored powder. SAMe (S-adenosyl-L-methionine) and TMG (trimethylglycine) are naturally occurring substances that act as methyl donors during vital biochemical processes in the body. Methylation is essential to normal cell health and function. It can decline with age or chronic alcohol consumption, and it can be limited in some individuals due to their genetic makeup.*

SAMe donates methyl groups, which are needed for the synthesis of neurotransmitters, proteins, nucleic acids, and phospholipids. It supports glutathione production, liver health, joint comfort, and a healthy mood. TMG is an especially important methyl donor involved in the metabolism of homocysteine and the formation of SAMe. TMG ultimately supports cardiovascular and neurological health, as well as normal cell-life regulation.*

XYMOGEN's SAMe & TMG formulation contains a minimum of 70% of the SS isomer of SAMe, the active form the body can use most readily. This concentration makes SAMe & TMG cost effective as most SAMe formulations on the market contain less than 44% active SS isomer. Nitrogen-purged foil sachets maximize stability.*

STORAGE: Keep closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, corn protein, yeast, soy, animal or dairy products, fish, shellfish, egg, artificial colors, artificial sweeteners, or preservatives.

XYMOGEN®

EXCLUSIVE PROFESSIONAL FORMULAS

Pharmaceutical Grade • Professional Use Only

30 Sachets Net Wt. 87 g (3.07 oz)

Supplement Facts

Serving Size: 1 Sachet (2.9 grams)
Servings Per Container: 30

	Amount Per Serving	%Daily Value
S-adenosyl-L-methionine	400 mg	**
Betaine Anhydrous (trimethylglycine)	600 mg	**
** Daily Value not established.		

Other Ingredients: Sorbitol, calcium carbonate, citric acid, malic acid, stearic acid, calcium chloride, calcium oxide, silica, turmeric extract (natural color), and natural lemon flavor.

European Patent # EP2189154A1

All XYMOGEN® Formulas Meet or Exceed cGMP Quality Standards.
