

ABSOLUTELY NO FILLERS ADDED

Virastop contains eight different proteolytic enzymes (digests protein), more than any other formula on the market. This combination supports healthy immune function by breaking down cellular debris, undigested protein and toxins in the blood. Also available in double strength.*

Recommended Usage: For maintenance, 1 capsule, twice a day, 1 hour before or 2 hours after a meal (empty stomach). For therapeutic purposes, Virastop may be taken 3-4 times per day. More capsules may be added as needed.*

Our exclusive Thera-blend™ enzymes are effective throughout the entire digestive system, thereby ensuring complete digestion. When formulated for therapeutic purposes, Thera-blend enzymes are customized for optimal performance throughout the entire body.
