

BUILD MUSCLE[†] REDUCE BODY FAT[†]
HYPEREMIA & THERMOGENIC[†] FORMULA

For nearly a decade, NITRAFLEX[®] has been the name you trust when it comes to pre-workout formulas. And now, NITRAFLEX[®] ups the ante by introducing Nitrosigine[®] to the mix, and adding the new NitraBurn[™] to the formula. This potent combo of Nitrosigine[®] and CaloriBURN[®] greatly increases pumps and thermogenic potential beyond expectations. The volume has been turned up on the energy, focus and flavor as well. Lastly, there's no more artificial dyes in the formulas. All in all, this is the strongest and best-tasting NITRAFLEX[®] BURN yet![†]

PHYSIOLOGICAL BASIS: "Reactive hyperemia" describes the increase in muscle blood flow that occurs during high-intensity resistance exercise and produces the "pump" associated with increases in muscle size. The NITRAFLEX[®] pre-training formula contains ingredients that in animal, in vitro and clinical studies suggest possess properties that may help advanced athletes maximize energy, intensity, vascularity and reactive hyperemia (pumps) during their workouts, and provide long-term support of Nitric Oxide levels in the body when used as directed.[†]

UNIQUE PROPERTIES OF SOME OF THE KEY COMPOUNDS IN NITRAFLEX BURN:

POWERED BY NITROSIGINE[®]: This new formula boasts Nitrosigine[®] as its only source of Arginine. Nitrosigine[®] has been shown to inhibit the enzyme responsible for breaking down Arginine, making it the superior choice of arginine supplementation.[†] Nitrosigine[®] has scientifically validated that benefits last up to 6 hours after dosing. In addition to vasodilation (pump) and overall performance-enhancing benefits, Nitrosigine[®] is clinically shown to increase mental focus, making it a truly well-rounded and multi-faceted addition to any effective pre-workout formula.[†]

- FOR MAXIMUM RESULTS[†]:**
- Stack Nitraflex[®] BURN with Flexx EAAs
 - Aim to stay on a workout regimen consisting of both weights and cardiovascular training
 - Eat 4-5 smaller meals throughout the day
 - Eliminate fast food and other high saturated fat and high sugar foods from diet
 - Stay hydrated by drinking adequate water throughout the day

#CompeteHarder with GAT NITRAFLEX[®] BURN!

Note: One serving contains 325 mg Caffeine, 1,000 mg Nitrosigine[®]†
STORE IN A COOL DRY PLACE.
DO NOT USE IF NECK SEAL IS BROKEN OR MISSING.

WARNING: This product is strictly intended for use by healthy persons 18 years of age or older. Each serving (1 scoop) contains 325 mg of caffeine. Do not combine with other caffeine or stimulant-containing products. Do not use if you are pregnant, nursing or trying to become pregnant. Do not use if you are currently unaware of your health status or if you have a medical condition including but not limited to heart, liver, kidney, or thyroid disease, psychiatric or epileptic disorders, high or low blood pressure, cardiac arrhythmia, recurrent headaches, enlarged prostate or glaucoma. Do not use if you are taking prescription or non-prescription medication of any kind including but not limited to MAO inhibitors, anti-depressants, aspirin or non-steroidal anti-inflammatory drugs. Do not use if you are prone to overheating or dehydration. After 8 weeks of use, take 1 week off before resuming use. Discontinue at least 2 weeks prior to surgery or if you experience rapid heartbeat, dizziness, severe headache or shortness of breath. **KEEP OUT OF THE REACH OF CHILDREN.**
