## THE DOMINANT MUSCLE BUILDER\*

WHY USE BRANCHED CHAIN AMINO ACIDS (BCAA)? Supplementation is crucial for athletes seeking to build muscle. BCAA are the primary building blocks for muscle growth, reduced muscle breakdown and facilitation of fat loss. Unlike other amino acids, BCAA aminos – leucine, valine and isoleucine cannot be produced by the body, so must be provided through diet or supplementation.\*

WHY USE ALLMAX AMINOCORE? Not all BCAA are created equal. AMINOCORE delivers 8.18g of BCAA in a 9:6:5 ratio clinically proven to provide a 350% increase in activation of muscle growth signals! The purest, free-form source of BCAA, AMINOCORE has no added fillers or non-BCAA aminos. AMINOCORE's 9:6:5 BCAAs are 100% pure prior to flavoring. Typical 2:1:1 sources contain impurities resulting in cloudiness, oily foam, sediment, and the worst – a harsh bitter taste! AMINOCORE is the cleanest, purest, best-tasting BCAA supplement money can buy!\*

INTELLIGENT DIET SUPPORT. AMINOCORE feeds your muscles during diet and exercise to dramatically decrease muscle loss. Additional B-Vitamins further assists in enhancing metabolic power and improving energy levels.\*

THE SCIENCE OF MUSCLE GROWTH. AMINOCORE 9:6:5 BCAA ratio is clinically proven to increase the activation of muscle growth signals. Scientific studies have identified mTor-p70S6K as the trigger directly responsible for extreme muscle growth. Supplementing with BCAA has been shown to activate increased mTor-p70S6K cellular signaling responsible for muscle growth. The result: you build and retain more hard earned lean muscle and maintain a higher metabolism.\*\*

WADA banned ingredients. This is validated by in-market random testing managed by an independent 3rd party – Informed Choice. Test result details can be viewed at www.CleanForAthletes.com.

to upregulate protein synthesis (growth) by 350%.

ALLMAX®

Net Wt 315 g (0.69 lbs)

DIETARY SUPPLEMENT

DIRECTIONS: To activate protein synthesis and increase muscle recovery\*, take 1 scoop of AMINOCORE™ during weight training or any athletic event. On non-training days, AMINOCORE™ can be taken anytime on an empty stomach. Mix 1 scoop (10.5 g) into 17 oz (approx. 500 ml) bottle of water or a tall glass of water (2 cups). Shake or stir well. Take during workouts.
