# ALLMAX<sup>®</sup> ESSENTIALS

## • PROFESSIONAL GRADE SUPPLEMENTS •

ALLMAX introduces L-Carnitine L-Tartrate (LCLT), one of the world's most bio-available forms of L-Carnitine supplementation.\*

**Stimulant-Free Fat Metabolizer:** L-Carnitine is essential for transporting long-chain fats into the cell (mitochondria). L-Carnitine taps into your fat supply and may provide support to burn it as fuel, resulting in increased energy. Without L-Carnitine, these fats cannot be burned for energy and are instead shunted to stored body fat.\*

**Boost Energy, Endurance & Performance:** L-Carnitine enhances performance by increasing the body's reliance on fat for energy; this reduces depletion of muscle glycogen. By reducing muscle tissue lactic acid build-up, performance athletes using L-Carnitine can extend duration of muscular exertion before fatigue.\*

ALLMAX L-Carnitine L-Tartrate (LCLT) provides 60 full servings per bottle while delivering 1,000 mg of L-Carnitine in each serving.

# L-CARNITINE<sup>+</sup> TARTRATE

- + SUPPORTS TRANSPORT OF FATS TO MUSCLE TISSUE\*
- + HELPS INCREASE IN LEAN MUSCLE MASS\*
- + HELPS SUPPORT OVERALL BODY FAT REDUCTION\*
