THE ULTIMATE PERFORMANCE PACK
PERFORM. RECOVER. GROW.*

Why add nutritional supplementation to a healthy diet already supported by sports nutrition? Excessive physiological demands from intense training and strict dieting could create nutritional deficiencies which adversely impact overall athletic performance. Knowledgeable, hard-working athletes understand that with a solid nutritional foundation, sports nutrition can be better maximized, resulting in a higher level of performance on a more consistent basis.*

Why use ALLMAX VITASTACK? All athletes, professional or amateur, require more sustenance than what traditional multi-vitamins can provide. Each VITASTACK sachet contains a specially formulated, powerfully potent blend of over 70 highly active and ultra-absorbable nutrients: vitamins, minerals, BCAAs, phytonutrients, omega-3 essential fatty acids, enzymes & antioxidants. Backed by clinical and sports research, every nutrient is optimally dosed to deliver on the physiological demands associated with muscle growth and performance in high-intensity athletic training.*

Easy-To-Use, Convenient & Cost Effective

- No more pill counting: Take one packet daily.
- Great for travel: Packets fit pockets, gym bags or purses.
- Saves money: Avoids upfront purchase of multiple different products.

Perfect for all Athletes

- Builds strong nutritional foundation which sports nutrition can better springboard from.*
- Supports demands from intense training including strength, weight and endurance programs.*
- Fills potential gaps created by strict dieting.*
