

Directions: Take one capsule once per day or as directed by your healthcare practitioner.

Methyl Folate™ contains Quatrefolic® – the most biologically active form of folate – allowing rapid uptake into the bloodstream.* This superior, methylated form of folate is metabolically active and ready for the body to use since it requires no additional conversion to be absorbed.* Folate is also necessary for the conversion of homocysteine to methionine.* The 5-MTHF in this formula is also known as the “L” form of 5-MTHF since it is the reduced form of folate.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.

This Formula Meets or Exceeds cGMP Quality Standards.

Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.
