

SUGGESTED USAGE: Take 1 tablet twice daily, or as directed by your healthcare practitioner.

HOW IT WORKS: GI Guard™ is a formulation for GI health using the clinically validated ingredient, PepZin GI®, a proprietary form of zinc complexed with carnosine.* PepZin GI® is slowly absorbed in the stomach, where it promotes normal mucous secretion, combats free radicals, and supports stable cell membranes.* PepZin GI® thereby helps to maintain the integrity of the stomach lining and its proper immune responses to the typically harsh gastric environment.* Numerous clinical studies have demonstrated that PepZin GI® can help to support GI health and promote gastric comfort.*

CAUTIONS/INTERACTIONS: There are no known drug interactions.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
