Keep Out of the Reach of Children

take 30 to 40 drops in a little water.

Two to four times per day

SHAKE WELL BEFORE USING

003

SUGGESTED USE

LIQUID HERBAL EXTRACT

PIPSISSEWA

Chimaphila umbellata

Fresh Upper Leaves

HERBAL DIETARY SUPPLEMENT
1 Fluid Ounce (29.6 ml)

We prepare our Pipsissewa Extract from fresh (undried) leaves of *Chimaphila umbellata* plants which are **Custom Wildcrafted™** in their wild mountain habitat.

To promote conservation of wild Pipsissewa stands, we harvest only the uppermost leaves, which stimulates new growth and does not destroy the plants.

To assure optimal extraction of Pipsissewa's bioactive compounds, the leaves are taken directly from the field to our laboratory and are promptly extracted while still fresh and succulent.

Our Pipsissewa is never fumigated or irradiated.

Fresh herb / menstruum ratio: 1 : 1.75

Contains **certified organic grain alcohol** (53-63%), vegetable glycerine & Pipsissewa extractives.
