

SUGGESTED USE

Take one serving (4 capsules) of Recycle® daily to promote natural testosterone elevation.

ENDOGENOUS SEX HORMONE EXHILARATOR

Recycle® supports elevated free testosterone and optimal hormonal balance through a myriad of ingredients, all included in their efficacious dosages. By simultaneously bolstering natural production of Luteinizing Hormone, inhibiting estrogen by aiding in aromatase enzyme reduction, facilitating the blunting of SHBG (Sex Hormone Binding Globulin) to ensure maximal free testosterone levels, aiding in hindering DHT by preventing binding to the androgen receptor, facilitating lower cortisol levels and fully rejuvenating the HPTA (Hypothalamus Pituitary Testicular Axis), Recycle® supports multiple endocrinological systems to provide complete hormonal homeostasis.

BUILD YOUR LEGACY

WARNING: Do not take Recycle® in excess of its recommended dosage. Recycle® is intended for healthy adults over 18. Consult a licensed healthcare practitioner before use. Do not use if you are currently pregnant or nursing. Discontinue use immediately if you experience any adverse reactions. Store in a cool, dry place away from direct sunlight. KEEP OUT OF REACH OF CHILDREN.

WARNING: Consuming this product can expose you to chemicals including lead which are known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.p65Warnings.ca.gov/food.
