Dietary Supplement

NET WT 10.57 oz (300 g)

SUPPLEMENT FACTS

Serving: 1 Level Tablespoon (5 g)	Total Servings: 60
Amount Per Serving % Daily Value	
Creatine Monohydrate	5000 mg *

*Daily Value not established.

Other Ingredients: None.

Taking creatine significantly improves maximal strength and endurance in training and faster recovery. Creatine contributes to brain function and memory, participates in the formation of bones and cartilage, supports the body's immune system, and protects cells.* This is why taking creatine is a sensible and advisable option for many people.
