CAUTION: As with any dietary supplement, consult your healthcare practitioner before using this product, especially if you are pregnant, nursing, giving product to children, anticipate surgery, take medication on a regular basis or are otherwise under medical supervision.

ESTIMATED MINIMUM FILL

The density of the powdered ingredients in this product naturally vary from lot to lot and require space in the container at the time of packaging. Over time the powders settle, causing the container to appear less full than when it was first packaged. This product is sold by weight and not by volume.
