To assure optimal extraction of Sage's bioactive compounds, the leaves are hand-harvested just as the plants are coming into flower, are carefully shade-dried to retain their full color & aroma, and are then thoroughly extracted.

We prepare our Sage Extract from the leaf of *Salvia officinalis* plants which are **Certified Organically Grown.**

LIQUID HERBAL EXTRACT

SAGE

Salvia officinalis
Whole Leaf

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)

Sage Liquid Extract
