

ENGN® SHRED PRE-WORKOUT, WHEN COMBINED WITH REGULAR TRAINING, IS ENGINEERED TO SUPPORT:

FOCUS*

Caffeine contributes to increased alertness and to improved attention in doses of at least 75 mg per serving. Do not exceed daily intake of 300 mg of caffeine.

ENERGY**

Vitamins B6, B12, and Thiamine contribute to normal energy-yielding metabolism.

METABOLISM***

Chromium contributes to normal macronutrient metabolism and to the maintenance of normal blood glucose levels.

SUGGESTED USE:

As a food supplement, take 1 scoop with 236 mL of cold water 15-30 minutes before training. To avoid sleeplessness, do not take within 4 hours of sleep.

Warning: Do not exceed the recommended daily dose. Do not consume more than 1 serving per day or within four hours of bedtime. This product should not be used as a substitute for a varied diet or a healthy lifestyle. Consult a physician prior to using this or any supplement or if you have any medical condition. High Caffeine content (250mg). Not recommended for children or pregnant or breast feeding women, do not use if you are caffeine, niacin, or beta-alanine sensitive. **KEEP OUT OF REACH OF CHILDREN, NOT FOR USE BY INDIVIDUALS UNDER THE AGE OF 18.** Excessive caffeine may cause nervousness, sleeplessness, and occasional rapid heart rate. Store in a cool, dry place.

For Best Before Date, please see the bottom of container.
