To assure optimal extraction of Periwinkle's bioactive compounds, the plants are hand-harvested while in full flower, are carefully shade-dried to retain their full color and aroma, and are then thoroughly extracted.

We prepare our Periwinkle Extract from the leaf & flowering tips of *inca ma* or plants which are **Certified Organically Grown** and/or **Custom Wildcrafted™** in their natural wild habitat.

LIQUID HERBAL EXTRACT

PERIWINKLE

Vinca major
Flowering Tips & Leaf
