

0 90700 00070 7

To assure optimal extraction of False Unicorn's bioactive compounds, the rhizomes are hand-dug in the autumn, are carefully shade-dried, and are then thoroughly extracted.

We prepare our False Unicorn Extract from the rhizome of *chamaelirium (elonnias) luteum* plants which are **Certified Organically Grown** without the use of chemical fertilizers, pesticides or herbicides.

LIQUID HERBAL EXTRACT

FALSE UNICORN

Chamaelirium (Helonias) luteum
Cultivated Whole Rhizome

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)

False Unicorn Liquid Extract
