

0 90700 00074 5

To assure optimal extraction of Horsetail's bioactive compounds, we hand-harvest only young infertile plants which are then taken directly to our laboratory and promptly extracted while still fresh and succulent.

We prepare our Horsetail Extract from fresh (undried) *Equisetum* spp. plants which are **Custom Wildcrafted™** during the spring in their natural wild habitat.

004

LIQUID HERBAL EXTRACT

HORSETAIL

Equisetum spp.

Fresh Spring-Harvested Herb

HERBAL SUPPLEMENT
