

Suggested Use: Adults take 2 capsules daily; Children take 1-2 capsules daily by mouth or capsules may be broken apart and mixed with beverage/food of choice or as directed by your healthcare practitioner.

Neuro-Immune Infection Control™ is a broad spectrum combination of natural control agents shown to effectively inhibit the growth and infectious potential of viral, yeast, fungal and bacterial agents.* This is an **EXCLUSIVE** formula created by Kendal Stewart, M.D., a top neuro-immune / viral specialist to naturally combat the increased viral activity, abnormal bacterial colonization and activation of yeast overgrowth commonly affecting patients with neuro-immune issues.* This formula was designed to help the body to avoid developing microbial resistance from the use of long term prescription agents.* Activation and overgrowth of these damaging agents can negatively affect a patient's health, healing, well-being, emotions and cognitive functions.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

CAUTION: Keep out of reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

FREE OF: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy
