

## Specialized Blend for Immune System Support\*

Supports natural killer cell activity\*

Contains IP-6 and inositol for immune system support\*

Inositol is a type of sugar that is a component of cell membranes

Excellent source of calcium, phosphorus, and magnesium per 1-teaspoon serving

### Formulated with IP-6 and inositol

IP-6 & Inositol supports the immune system.\* While IP-6 is found in rice bran and other foods, there are good reasons to take an IP-6 supplement. IP-6 is often lacking in foods that have been processed since IP-6 is usually found in bran or hull, which is often milled away.
