To assure optimal extraction of Wild Indigo's bioactive compounds, the roots are hand-dug only in the autumn or early spring and are then taken directly to our laboratory and promptly extracted while still fresh and succulent.

We prepare our Wild Indigo Extract from fresh (undried) roots of *Baptisia tinctoria* plants which are **Custom Wildcrafted™**.

LIQUID HERBAL EXTRACT

WILD INDIGO

Baptisia tinctoria
Fresh Root

HERBAL SUPPLEMENT

1 fluid ounce (29.6 ml)

Wild Indigo Liquid Extract

Ingredients: certified organic grain alcohol (48-58%), distilled water & Wild Indigo extractives.

Fresh herb / menstruum ratio: 1 : 2

SUGGESTED USE

SHAKE WELL BEFORE USING

Three or four times per day
take 30 to 40 drops in a half-cup of water.

Caution: Consult a qualified midwife or physician before taking during pregnancy. Do not take drops more than six consecutive weeks without a two week break.

Keep Out of the Reach of Children
