Green Tea Glycerite

Ingredients: vegetable glycerin, distilled water & Green Tea extractives. **GLUTEN-FREE**

Dry herb / menstruum ratio: 1 : 5

We prepare our Green Tea Glycerite from the young leaves of *Camellia sinensis* plants which are **Certified Organically Grown** on the Ambootia Tea Plantation in Darjeeling, India.

To assure optimal quality, the leaves are hand-harvested at their peak of potency and are then promptly heat-dried to stabilize and extract their antioxidant catechins and flavonoids. These leaves are then shipped direct to our laboratory and thoroughly extracted.
