

NutraLITE™ is the only global vitamin and dietary supplement brand to grow, harvest, and process plants on their own certified organic farms.** By doing so, NutraLITE captures phytonutrients (nutrients from plants) at their peak. NutraLITE supplements conveniently deliver the hard-to-get phytonutrients that are found in fruits and vegetables.

In order to assure products of the highest quality, all NutraLITE ingredients go through strict quality testing and NutraLITE manages the entire process from seed to finished product.

⚠️ These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
