

Evolve (verb /e'völvr/) - the process with which something or someone changes and develops gradually over time.

With HARNESS, we set the standard for what pre-workout supplements should be: powerful and effective. We use clinically-studied and reliable ingredients to create a well-rounded pre-workout you can count on. For those wanting to take their training to yet another level, we created HARNESS EVOLUTION.

HARNESS EVOLUTION includes everything from the previous version, but elevates workouts beyond today's standards. To improve measures of all-around fitness, we enhanced doses of beta alanine, citrulline, and L-tyrosine. Then we took it a step further, adding Nitrosigine®, SantEnergy Nu™, and CognatiQ®, which can enhance muscle performance, fat utilization, and focus. Finally, we kept the time-tested energy blend of caffeine anhydrous, zümXR®, and ElevATP® for reliable energy output in every workout. If we expect our results to evolve, so must our fuel. Welcome to the EVOLUTION!†

⚠WARNING: Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information, go to www.P65Warnings.ca.gov.

WARNING: This product is only intended for use in healthy adults 18 years of age or older. Pregnant or nursing women should not use this product. Consult your healthcare provider before using this product, especially if you are taking any prescription, over the counter medication, dietary supplement product, or if you have any pre-existing medical condition including but not limited to: high or low blood pressure, cardiac arrhythmia, stroke, heart, liver, kidney or thyroid disease, seizure disorder, psychiatric disease, diabetes, difficulty urinating due to prostate enlargement or if you are taking a MAOI (Monoamine Oxidase Inhibitor), PDE5 inhibitor, nitrates for chest pain, or any other medication. Immediately discontinue use and consult your health care professional if you experience adverse reaction to this product. Do not exceed recommended serving. Do not use if safety seal is broken or missing. Keep out of reach of children.

DIRECTIONS:

Mix 2 scoop with 10-16 ounces of water and consume approximately 15-30 minutes prior to your workout. To assess tolerance, new users may want to start with 1 scoop (1/2 serving).
