A Fresh Brand With an Understanding of the Magnificent Nature of the Honeybees.

NaturaNectar understands the nature and science behind the beehive and finds its inspiration there. With the same focus and dedication of the honeybees, our company is dedicated to bringing innovation and natural quality to our customers while committing corporate resources to the important research needed to ensure that honeybees continue to be one of nature's true marvels as well as supporting the surrounding communities that help to harvest our bee propolis in a sustainable way. We invite you to learn more at BeeThereInitiative.com.

Quality from the Source.

NaturaNectar's sister company ALMAR Apiary is on location in Brazil at the source of the world's finest and purest bee propolis. For over a decade, we have worked together to develop the tap into the best selection of bee propolis available anywhere in the world and are proud to now offer it directly to you. Groundbreaking products are now at your fingertips directly from the Brazilian honeybees and their bio-diverse forests!

30+ Years Perfecting the Most Advanced Standardized Propolis Extracts

The reputation for quality of Salomon Propolis™ extracts in Scandinavia is over 30 years in the making due to the undisputable scientific evidence and grade as natural medicines. Through our partnership with PRC-Propolis Research Center, these standardized, 100% water-based pure extracts have become the foundation of NaturaNectar™ and its extensive product line.

Bee Propolis - A Gift for Good Health Direct from the Honeybees*

It's not a coincidence that propolis means (pro=before) + (polis=city). This amazing substance is strategically placed by honeybees prior to creating the hives that defend and protect them. Because of the propolis, the beehive is one of the most sterile environments known by man even at high degrees of temperature and humidity. That's why millennia civilizations have cultivated the beneficial properties of the bee propolis to support their health.*

Just the Boost of Protection You Need for Today's Stressful Lifestyle!

You can count on NaturaNectar Bee Propolis Trio's amazing combination of the most pure organic aromatic acids and flavonoids, 100% Brazilian in origin, to support your health and your natural defenses.* Propolis is extensively scientifically studied to show, among other benefits, anti-inflammatory properties.*

Unique to NaturaNectar Bee Propolis Trio:

Green Extraction is our patent protected and exclusive extraction method that assures pure flavonoids from bee propolis while eliminating nearly all the impurities and beeswax. Only water is used; No chemical solvents.

The highest quality bee propolis of the world from a geographically diverse area: Brazil is the fifth largest country of the world in territory. Broader immune support for you.*

Our ingredients - FLAW-M and PWE-FD: scientifically studied by numerous universities and reputable organizations, the first standardized bee propolis extracts ever obtained.
