FISH OIL SUPPLEMENT

A Fish Oil Like No Other

Aqua Biome Maximum Strength Omega 3 fish oil contains a synergistic ratio of DHA, EPA, and DPA for optimal immune function, a healthy heart, joint mobility, and cognitive support.*

While most fish oils only feature DHA & EPA, the "missing" omega-3, DPA, is equally important. Depending on what the body needs, it will convert DPA into additional DHA or EPA.

This formula is sustainably sourced from wild-caught anchoveta, mackerel and sardines. Through a world-class extraction and purification process, the essential omegas contained within are offered in triglyceride form for optimal absorption.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Recommended Use: Adults take 2 softgels daily with food.
WARNING: Consult with a physician prior to use if you are pregnant or nursing, taking medications or have a medical condition.

**BUY A BOTTLE
SAVE A REEF**

With every bottle you buy, you're helping to plant new coral.

With your purchase, Aqua Biome™ donates to the **Mote Marine Laboratory** to plant new coral in the 3rd largest reef system in the world, the Florida Keys.

Each year, coral populations have been dying off, taking away homes and the nutrient base for local marine life.
It's time we turned the tide.

Find out more about our partnership and submerge yourself in creating a healthier, more diverse ocean and self at aqua-biome.com
