Seasonal or occasional congestion may produce excess mucus, hindering upper and lower respiratory function.

MucoStop™ contains a blend of enzymes specifically formulated to promote easy breathing.* The high-potency enzyme Mucolase™ assists the body's natural ability to break down and eliminate excess mucus in the sinus and nasal passages.*

Recommended Use: 2 capsules three times daily on an empty stomach, one hour before or two hours after a meal. More may be taken as needed.

Thera-blend™ enzymes are comprised of multiple variants which are blended to work synergistically throughout the broad pH range of the human body.
