

Things to know about DEEP² 30™

- A blend of electrolytes, protein, and probiotics.
- DEEP² 30™ contains over 20 bio-organic minerals.
- Free of pesticides, herbicides, growth hormones, antibiotics, chemicals and preservatives.
- Geneden Labs BC³⁰ probiotics provide DEEP² 30™ with digestion enhancement and immune support.

The 3 pillars of DEEP² 30™

- 1. Essential Electrolytes Support:** Millions of Americans lack minerals/electrolytes in their diet. DEEP² 30™ provides over 20 bio-organic minerals from all natural goat milk.
- 2. Specific amino acids maintenance:** Protein is found in every part of the body. Proper maintenance of amino acids, the building blocks that make up protein, is vital to overall health. DEEP² 30™ contains a whole protein blend of casein and whey protein from goat milk.
- 3. Probiotic Delivery:** GenedenBC³⁰ (*Bacillus coagulans*) is a spore-forming probiotic bacterium, meaning that inside the bacterial cell is a hardened structure, or spore, similar to a seed. This spore safeguards the cell's genetic material from the destructive effects of shelf life and the acid and bile it is exposed to during transit to the digestive system. One serving of DEEP² 30™ contains a full daily serving of Geneden BC³⁰.

Suggested Directions:

2-3 rounded tbsp. (33g) in 8 oz. water.
Gently shake before each use.
