

Enzymes are needed for each biochemical reaction that makes life possible. They initiate millions of reactions in your body. Without enzymes, life could not exist. †

As we age our bodies' natural production of enzymes decreases. Supplementation with Vitälz̄ym, along with proper diet and exercise, will help to maintain normal enzyme levels, balancing your body's own repair mechanisms.†

Vitälz̄ym contains no animal derivatives, artificial flavors, yeast or gluten. Vitälz̄ym is also lactose and talc free.†
