

Suggested Usage: As a dietary supplement, take two Vcaps® with or before each meal.

Digestive enzymes are essential to the body's absorption and full use of food. The capacity of the body to make enzymes diminishes with age, and therefore the efficiency of digestion declines. Digestive Enzyme Complete contains a blend of non-GMO fungal-derived enzymes that will aid in the digestion of most foods, including beans and cruciferous vegetables.*

Galactosemics: Consult your health practitioner before using.

BioCore[®] OPTIMUM™ Contains no sugar, salt, wheat, gluten, soy, milk, egg, shellfish or preservatives. **Vegetarian/Vegan Product. Do not eat freshness packet. Keep in bottle.**

Store in a cool, dry place.

BioCore Optimum® is a trademark of National Enzyme Company.

Vcaps® is a trademark of Capsugel.
