

StemFLO® is a proprietary blend of herbs and all natural ingredients that support optimal blood circulation by reducing oxidative stress in the blood, detoxifying the blood and improving overall blood flow.*

StemFLO® is especially designed to support the delivery of stem cells to all parts of the body.*

When used in conjunction with StemEnhance®, **StemFLO®** optimizes the body's ability to deliver and circulate adult stem cells to the tissues and organs where they are needed.*

StemFLO® also supports the delivery of nutrients and oxygen, as well as immune cells, throughout the whole body.*

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
