

Herbal Medicines Made Right™

We apply our company philosophy to **ChlorOxygen® Chlorophyll Concentrate**, as we do to all of our herbal medicines.

That philosophy is to do what's right, which extends to identifying and choosing the right herbs, using the right machines, and processes, and making the right liquid extracts to use on their own or as the key ingredients in our softgels.

We focus solely on providing you with the right active constituent-rich formulations that support your health needs.

Each herbal medicine is released only after it goes through rigorous quality control to ensure safety and satisfaction.

We do all of this to bring you *herbal medicines made right™*.

HERBAL MEDICINE

CHLOROXYGEN®

CHLOROPHYLL CONCENTRATE

Traditionally Used for Blood Support*

- Promotes Energy*
- European sourced Fescue
- Concentrated - 66 servings in this one bottle
- Alcohol free
- Gluten free
- Vegan

HERBAL SUPPLEMENT
1 FLUID OUNCE (30 mL)

Traditionally Used for Blood Support*

ChlorOxygen® Chlorophyll Concentrate is made with blood-supporting sodium copper chlorophyllin.*

Our red blood cells contain hemoglobin, which carries oxygen from our lungs to our whole body. Oxygen provides us with energy. Chlorophyll, the green pigment produced by plants, provides plants with the energy they need through photosynthesis. Hemoglobin's structure is strikingly similar to chlorophyll.

The sodium copper chlorophyllin in ChlorOxygen® is derived from farm-cultivated European Fescue leaf chlorophyll. Over 90 percent of the world's dietary supplement chlorophyll originates from Asia, which makes ChlorOxygen®'s European sourcing distinctive.

Fescue is a rich source of chlorophyll. The leaf contains four times the amount of chlorophyll found in white mulberry leaf or alfalfa herb.

ChlorOxygen® is highly concentrated. This 1 ounce bottle equals up to 32 ounces of liquid chlorophyll. That's two 16 ounce bottles.

ChlorOxygen® Chlorophyll Concentrate doesn't contain sugar, caffeine, or other stimulants. This liquid extract is also alcohol free, gluten free, and vegan.
