DOCTOR FORMULATED

Dr. Louis J. Aronne is a world-renowned physician, researcher, professor, and leading expert in weight management and obesity. Our probiotic has been developed with Dr. Louis to help support your health throughout your weight loss journey.*

cut calories, not digestive comfort.

Digestive upset can occur with a low-calorie diet. That's why our Dr. Formulated probiotic delivers dual action support. First, it features clinically studied probiotic strains to help restore digestive health and improve regularity. Second, Gingerer®, a high-potency ginger extract, helps alleviate occasional nausea. Combined, this two-pronged strategy supports healthy, balanced and comfortable digestion.
