Delicious 7.365 pH Shake is the healthiest meal of the day.

It contains the highest quality complete alkaline protein on earth (pea & brown rice) in the perfect ratio. Use it as a low carb, low glycemic, pH balanced, vegan meal replacement to facilitate weight loss or add it to your fitness program to maintain physical excellence. The pea protein allows muscles to change from catabolic to anabolic state. Use the easily digestible branched-chain amino acids (BCAAs) post-workout to support bodybuilding, lean muscle mass, muscle recovery & endurance. Enjoy perfect pH balance: 7.365, 7 days a week, 365 days a year!* WebMD studies show flaxseeds contain omega-6 fatty acids, which may support cholecystokinin levels which help suppress appetite.

Additional recommended products: Super Reds Powder and Earth Greens Powder.
For 5.5 pounds of whole fruit and 5.5 pounds of whole vegetable nutrition per scoop.
