Potent Energy Booster

Zahler®'s B12 Energizer+™ contains a potent dose of Vitamin B12 for a quick, natural burst of energy. Like other water soluble vitamins, excess intake of B12 is excreted and not stored in the body, which is why a continuous supply is needed.

Vitamin B12 is essential for many critical functions, including energy production, DNA synthesis, brain and nervous system functioning, and blood formation. Suboptimal B12 levels are often responsible for anemia, asthma, Crohn's Disease, depression, diabetes, male infertility, and osteoporosis.
