

BLUEBONNET'S MICRONIZED CREATINE POWDER

Delivers 5 grams of micronized creatine monohydrate to help support adenosine triphosphate (ATP) recycling in the muscle for more explosive and intense power and strength. Using creatine over time, combined with exercise, can help maintain existing muscle tissue and support lean muscle growth, development, and recovery. When mixed in water, micronized creatine monohydrate dissolves quickly and is easy to use. ♦

Bluebonnet's KOF-K Certification #K-0000700

To assure freshness and potency, store in a cool, dry place away from heat, light and moisture.
