- Use:** To make a delicious shake:
- Pour 6-8 oz of cold water into a blender or the container of your choice.
 - Add 1 scoop of Muscle Provider and blend or mix until the texture is smooth or as you desire it.
 - Drink and enjoy!
 - For a thicker, sweeter shake, reduce the amount of water slightly. Adding 3-4 small ice cubes when blending will also increase thickness.
 - For a thinner shake, add more water.

The best times to use Muscle Provider are:

- within 1 hour before and/or after lifting weights (resistance exercise)
- first thing in the morning
- before bed
- any other time of day to increase your daily protein intake

Store in a cool, dry place.
