Kidophilus Plus™

Probiotic Formula for Children

10 Billion Live & Active CFUs

DIETARY
SUPPLEMENT
90 CHEWABLE TABLETS

*Feel Better,
Everyday™*

Directions:
1 tablet daily
or as directed.

**10 Billion Live
& Active CFUs**

With a highly potent blend of four distinct probiotic strains, including the well-known *L. acidophilus*, Kidophilus Plus works quickly and effectively to suppress the growth of potentially harmful bacteria, improve immune function, reduce allergies and inflammation, and enhance the protective barrier of the digestive tract.

Zahler's Kidophilus Plus contains 10 billion live and active CFUs, which effectively puts the brakes on the growth of disease-causing bacteria, such as salmonella and shigella-caused dysentery, diarrhea, and even virus-caused flu. It also clears up yeast infections, reduces bad breath and flatulence, aids in digestion and reduces the incidence of constipation, thanks to a healthy intestinal flora.
