

CELLULAR CARDIO FORMULA

Homocysteine is a byproduct of the body's protein metabolism. Country Life's Cellular Cardio advanced formulation with methylated B-Vitamins supports healthy homocysteine levels that are already in the normal range.**

Cellular Cardio formula contains clinically-studied ViNitrox™ Grape & Apple polyphenols, which support the production of nitric oxide, an important signalling molecule in the cardiovascular system.**

△ Based on SPINScan Natural, 52 Weeks ending 8/07/22.
