

COUNTRY LIFE® MAXI-SKIN®, COLLAGEN + C&A with VERISOL® collagen improves skin through a Tri-Layer approach.*** Our skin is composed of 3 layers: Epidermis, Dermis, and Hypodermis.

Over time the skin's essential supportive structure starts to break down. Collagen levels decline and elastin loses its spring causing fine lines and wrinkles to appear on the skin's surface. As we age, our skin has been more exposed to stressors like pollution and UV light. We need extra help to support smooth and supple skin. COUNTRY LIFE Maxi-Skin®, Collagen + C&A, with Verisol® collagen that helps stimulate natural collagen production, as well as improves your skin's appearance and smoothness.***
