as directed.

Strengthens Ability to Deal with Stress

Nutritional deficiencies can cause or contribute to panic attacks, anxiety and stress. Symptoms of anxiety include shortness of breath, heart palpitations, tensing of muscles, and tingling sensations in the face, hands and feet. Panic attacks are intense anxiety episodes which sometimes occur even when not anxious.

The Zahler® PAS™ formula has been formulated to alleviate debilitating symptoms, strengthen the body's ability to deal with stress, and prevent chronic stress from taking a prohibitive toll on body and mind.
