

AMPLIFY® XL IS A DELICIOUS PROTEIN BLEND THAT CAN BE USED EVERY DAY AND BY EVERY BODY!

SUPPORT FOR: Greater increases in muscle strength, mass, energy, toning, recovery and performance.*

DESCRIPTION: Amplify® XL offers a premium blend of quick release whey protein isolate, hydrolysate and concentrate, and is loaded with glutamine and amino acids. Delayed release egg protein facilitates muscle recovery two-three hours post-workout. This combination gives you both an immediate and delayed-release recovery mechanism. It is the ultimate post-workout protein to support protein absorption, muscle recovery, and lean muscle gains.*

HYDRO GREENS BLEND
Amplify XL is fortified with a seeds and greens health blend to support additional benefits. Coconut helps provide electrolytes and supports rehydration post-workout.*

BIOAVAILABILITY
The protein sources found in Amplify XL rank highest on the biological value scale. Amplify XL comes with a **PURE PROTEIN GUARANTEE** (No Amino Spiking), so you can be confident you are using the highest quality protein in every scoop.*

SUGGESTED USE: Mix 1 heaping scoop of **AMPLIFY® XL** to 8 fl. oz. of cold water, and consume immediately following your workout to maximize recovery and fight fatigue.* If extra thickness is desired, add a handful of ice cubes and blend. Due to settling, a natural occurrence with powders, variations in the powder height level may vary from bottle to bottle. Additionally, protein powder can experience small fluctuations in density leading to very slight variations in scoop serving size. *To be used as part of a physical conditioning program.*

WARNING: If you are pregnant, nursing or taking medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. **STORE IN A COOL, DRY PLACE. AVOID EXCESSIVE HEAT.**

CONSUMER NOTICE: FitLife Brands can only confirm product purity when our brands are purchased from authorized retailers, GNC, or pmdsports.com.
