BUILD MUSCLE FASTER[†]

The PROMINOTM patented, plant-based formula is backed by over 20 years of research and more than 25 clinical trials to find the **precise ratio** of Essential Amino Acids (EAA's) in order to accelerate Muscle Protein Synthesis (MPS).

Each serving of PROMINOTM provides your body with the key building blocks needed to build and repair muscle faster. PROMINOTM is so potent it has been shown to be **2X MORE EFFECTIVE THAN WHEY PROTEIN⁺** at increasing MPS, even at rest.[†]

PROMINOTM is simply more effective at producing the desired results – with none of the fat, sugar, carbs and bloat. It's time to Rethink Protein.

2X MORE EFFECTIVE THAN WHEY PROTEIN AT TRIGGERING MUSCLE PROTEIN SYNTHESIS⁺

SO WHERE'S THE PROTEIN?

When you eat protein, your body must first break it down to extract the amino acids used to grow and repair muscle fibers. PROMINOTM provides your body with these protein building blocks directly, without the excess calories, filler, carbohydrates and uptake delay of whey and other protein sources.[†]
