

From Our Family to Yours

Being a family-owned-and-operated company, Nature's Answer knows how important it is for parents to give their children the best they can. That's why we take the time and care to develop the best products available on the market today. We at Nature's Answer know that it can be a challenge to give our children the proper nutrition they need every day, so we developed a full line of supplements for kids. Each one is created to help kids get the necessary nutrition throughout the day with a delicious taste they'll love.

Clean Planet Initiative

Nature's Answer's Clean Planet Initiative is our way to preserve the natural resources that provide and sustain us. That's why we're donating a portion of every sale of this and other Nature's Answer products to various organizations around the world, such as SEE Turtles, that help in these efforts to clean our oceans and protect our essential marine environment.
