

**OmneDiem® Connective Tissue TLC** (Tendons, Ligaments and Cartilage) combines 3 clinically studied ingredients that provide optimum nutrition to connective tissue, regardless of whether that tissue is healthy or compromised.\*

**TENDOFORTE®** delivers bioactive collagen peptides that have been shown in clinical trials to increase tendon and ligament strength, reduce the risk of injury, and allow a faster return to training.\*

**TENDAXION®** is a proprietary combination of mucopolysaccharides, collagen type I, and Vitamin C. Clinical trials demonstrate that TENDAXION helps maintain the tendons' biomechanical properties. Furthermore, use of TENDAXION was associated with faster return to training when combined with physical therapy.\*

**CHONDROPURE®** is a pharmaceutical-grade Chondroitin Sulfate, which plays a vital role in nourishing cartilage and other connective tissues.\*

Together in **OmneDiem Connective Tissue TLC**, these key ingredients become a powerful training and recovery aid unlike any other. From the gym to the field, the track, the mountain and beyond, Connective Tissue TLC takes care of the tissues that allow strong bodies to achieve optimum performance.\*

# Connective Tissue TLC

## Essential Support for Tendons, Ligaments, and Cartilage

Dietary Supplement | NET WT. 6.77 OZ. (192 g) | 30 servings

Unflavored
