

# 30% INCREASE

## IN MUSCLE STRENGTH IN JUST 8 WEEKS\*

PERCENT CHANGE

\* An 8-week, randomized, double-blind, placebo-controlled study of 33 healthy men compared the effectiveness of this proprietary module of whey protein and leucine vs. an isocaloric carbohydrate placebo consumed before and after resistance training. Subjects consuming the leucine-whey protein supplement experienced greater increases in muscle strength than those on the placebo. Leucine-whey protein supplementation also increased muscle cross-sectional area from baseline.  
 ^ When used in conjunction with an exercise program.  
 • In an 8-week, randomized, double-blind, placebo-controlled study of 39 healthy male volunteers comparing 1 set resistance training (RT) + active or carbohydrate placebo to 2 sets RT alone with no supplement, the active group showed equal gains in maximal muscle strength and muscle endurance compared to the control group.  
 ◊ In a double-blind, randomized, placebo-controlled crossover study, 25 subjects exercised on a treadmill on two occasions. On one occasion the subjects took the thermogenic blend before exercise and on the second occasion, they took a placebo. When the subjects took this blend, they burned three times more calories before, 3% more calories during and 12 times more calories after exercise compared to when they took the placebo.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction. Product sold by weight, not volume. Significant product settling may occur.

## SUPERIOR PERFORMANCE PROTEIN

Enhanced with More LEUCINE than Standard Whey Protein

Elevated Muscle Fuel for Muscle Growth & Recovery\*\*

Features Only Premium, Ultra-Pure, Fast-Digesting Protein

Only Whey Hydrolysates and a Clinical Core of Whey Isolate & Leucine to Improve Strength\*\*

Enhanced with VELOSITOL<sup>®</sup> Amylopectin Chromium Complex & LEUCINE

To Accelerate Muscle Protein Synthesis\*\*

Featuring CAFFEINE, CAPSIMAX<sup>®</sup> & NIACIN Supporting Intense Energy, Mental Focus & Increased Calorie Burning<sup>◊\*</sup>

### USAGE BENEFITS

For Pre-Workout & Cardio

Clinically Proven Support for Strength, Performance & Stamina, Plus Energy & Metabolism Support for Superior Results & Increased Calorie Burning<sup>◊\*</sup>

For Post-Workout & Cardio

Provides Fast-Digesting Whey Isolate & Hydrolysates Plus Leucine to Fuel Muscle Support & Recovery Plus a Thermogenic Blend Proven to Increase Calorie Burning by 12 Times After Exercise<sup>◊\*</sup>

On Non-Training Days & Between Meals

Provides High-Quality Protein & Critical Amino Acids to Fuel Muscles While You Recover from Intense Training While Providing Energy & Metabolism Support<sup>††</sup>

If it's on our labels, then it's in our bottles. Full dosing, full transparency and no proprietary blends. Clinically studied ingredients backed by real science. The most effective and premium performance protein available. Get ripped.
