It's fun to feel good.®

Jigsaw Collagen Boost® utilizes three clinically tested Bioactive Collagen Peptides made up of type I and type III collagen from hydrolyzed bovine. These specialized, patented peptides differ from ordinary collagen sources because they are derived from a highly controlled production process that optimizes them for specific physiological functions and have been clinically tested to:

- ✓ Stimulate skin metabolism and promote firmer and smoother skin.*
- ✓ Support skin elasticity and skin surface structure.*
- ✓ Support mobility in healthy individuals.*
- ✓ Promote the growth of new cartilage.*
- ✓ Promote bone density.*

Jigsaw Collagen Boost® also includes hyaluronic acid, a slippery substance your body produces to help keep your joints lubricated and your skin flexible and hydrated.*

FORTIGEL®, VERISOL® and FORTIBONE® are registered trademarks of GELITA AG.
