It's fun to feel good.

We want to give our 100% on the court, in the gym, and on the trail. But fatigue can set in, dragging you down physically and mentally. So what if you could give yourself a boost naturally by improving your blood flow and helping your body use oxygen more efficiently? Well, now you can, with **Endurance Kick™** from Jigsaw Health.*

Our formula features "**Oligonol®**" - one of Japan's top selling ingredients made from lychee fruit and green tea. Supported by over 20 human studies, it's has been shown to boost nitric oxide production, increase VO2 max (a key indicator of aerobic endurance), and mitigate exercise-induced inflammation. **Endurance Kick™** also contains an extract of yerba maté, a South American herb shown to increase alertness and reduce perception of fatigue by blocking receptors that reduce our energy levels.*

And as an added bonus, these ingredients have been shown to increase lean body mass & reduce abdominal fat!*

Oligonol® is a registered trademark of **Amino Up Co Ltd.**

Should not be used if tamper-evident seal is broken. Keep out of reach of children. Store in a cool, dry place.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Endurance Kick™
