It's fun to feel good.

Did you know there are two types of muscle cramps? That's right. If you start cramping during physical activity, that's a sign your body might be deficient in Potassium. If you cramp up after physical activity or at night, that's a sign your body might be deficient in Magnesium.*

Jigsaw **Potassium Cocktail™** is especially useful during days of high activity or exercise and contains both Potassium and Magnesium — two essential electrolytes. It also contains Pacific Blue® flake sea salt which has important trace minerals that regular table salt doesn't have.

Finally, we don't use any sugar. Zero. Yes, sugar can give you a spike in energy... but that's really just a band-aid. And most people are (wisely) trying to limit their daily sugar intake!

ELECTROLYTE SUPPLEMENT POWDER

Supplement Facts

Serving size **1 scoop (5.6g)**
60 servings per container

Amount per serving
Calories 10

	Amt per serving	%DV**
Total Carbohydrate	1 g	<1%
Total Sugar	0 g	
Includes 0g Added Sugars		0%
Sodium (as Pacific Blue® flake sea salt)	90 mg	4%
Potassium (as potassium chloride)	800 mg	17%
Magnesium (as magnesium lysinate glycinate chelate) TRAACS®	50 mg	12%
Chloride (as potassium chloride and sodium chloride)	900 mg	39%

**The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

Other Ingredients: Malic Acid (for tartness), Natural Blue Raspberry Flavor, Stevia Leaf Extract & Monk Fruit Extract (for sweetness), Bamboo Extract (to prevent clumping), Raspberry Juice Powder (for flavor), Spirulina (for color). **Allergens:** None.
