It's fun to feel good.

Jigsaw Adrenal Cocktail™ + Whole Food Vitamin C combines 400 mg of Whole Food Vitamin C with Potassium Bicarbonate and SaltWorks® Sea Salt in a unique formulation designed to support healthy adrenal gland function. Vitamin C plays a critical role in adrenal performance, including the ability to produce numerous hormones. In fact, the highest concentration of Vitamin C in your body is stored by your adrenal glands. Additionally, sodium and potassium are delicately balanced in your adrenals and are both vital minerals for normal adrenal function.*

SaltWorks® is a registered trademark of SaltWorks, Inc.
